Subject: Environmental Cooperative Agreement with Wisconsin Electric Power Company

Dear Mr. Ullrich:

As you know, the Department has completed negotiations with Wisconsin Electric Power Company (WEPCO) on an Environmental Cooperative Agreement under the auspices of the Environmental Cooperation Pilot Program. We have done so in accordance with both our authorizing statute, s. 299.80, Wis. Stats., and our Memorandum of Agreement with EPA concerning this pilot program. Because portions of the Environmental Cooperative Agreement supersede portions of rules in our State Implementation Plan (SIP), the Department is hereby submitting Attachment 2 of the Environmental Cooperative Agreement for your approval as a source-specific SIP revision.

This SIP Revision includes:

- Exhibit 1: SIP Completeness Review and Enforceability Checklists
- Exhibit 2: Attachment 2 from the Environmental Cooperative Agreement between DNR and WEPCO
- Exhibit 3: Memorandum of Agreement between DNR and EPA Concerning the Environmental Cooperation Pilot Program
- Exhibit 4: Public Hearing Notice and SIP Revision Certification

If you have any questions or comments regarding this SIP revision, please contact John Shenot at 608-267-0802.

Sincerely,

/s/ **Lloyd L. Eagan**
